CODE OF CONDUCT FOR THE WELFARE OF THE HORSE

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.

Horses and athletes must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.

Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.

Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.

The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.

PREAMBLE

The present "Rules for Eventing" are effective from 1st January 2010. As of this date, all other texts of the Rules or amendments to them dated prior to this date are superseded.

Although this booklet sets out the detailed Rules of the FEI governing International Eventing, it must be read in conjunction with the "Statutes", "General Regulations", "Veterinary Regulations" and the "Memorandum for Eventing".

Every eventuality cannot be provided for in these Rules. In any unforeseen or exceptional circumstances, it is the duty of the Ground Jury in consultation with the Technical Delegate to make a decision in a sporting spirit and to approach as nearly as possible the intention of these Rules and the "General Regulations".

Chapter I General

Article 500 INTRODUCTION

1. **General**

Eventing constitutes the most complete combined competition, demanding of the athlete considerable experience in all branches of equitation and a precise knowledge of his horse's ability, and of the horse a degree of general competence, resulting from intelligent and ~~rational~~ **progressive** training.

2. **Responsibility**

An athlete is ultimately responsible for knowing these rules and complying with them. The appointment of a steward or official, whether or not provided for in these rules, does not absolve the athlete from such responsibility.

3. **National Safety Officers**

All National Federations organizing International Eventing Events must appoint an active national safety officer (NSO), to liaise with the FEI with regards to all matters directly relating to Eventing Risk Management.

Article 501 DEFINITION

1. **CCI - Three Day Event**

A Three Day Event comprises three distinct tests, taking place on separate days, during which an athlete rides the same horse throughout, namely:

1.1 DRESSAGE TEST - A Dressage Test spread over one or more consecutive days, depending on the number of athletes, directly followed on the next day by:

1.2 CROSS-COUNTRY TEST - A Cross-Country Obstacles Test, the Cross-Country will be directly followed on the next day by:

1.3 SHOW JUMPING TEST -

Note: For events organizing International CCI with Phase A, B and C, 2008 Rules for Eventing articles referring to Steeple-chase & roads and tracks will apply. Penalties received on phases A,B & C will not be included in FEI results or count for Qualification results.

2. **CIC**

CIC Events comprise the same three tests. The event may take place over 1, 2 or even 3 days. The Dressage Test always takes place first. Either the cross country or the show jumping may form the last test.

2010 RULES FOR EVENTING

3. Validity

These Rules have been adopted to apply principally to Three Day Events. Unless clearly not applicable, they apply equally to CIC Events.

Article 502 CLASSIFICATION

1. Classification in the Three Tests

1.1 IN THE DRESSAGE TEST, each athlete's good marks awarded by the judges are converted into penalty points. They are recorded for inclusion in the final classification and published.

1.2 IN THE CROSS-COUNTRY TEST, each athlete's penalties for faults at obstacles are added to the penalties that he may have incurred for excess time on Cross country. They are recorded for inclusion in the final classification and published.

1.3 IN THE JUMPING TEST, each athlete's penalties for faults at obstacles are added to the penalties that he may have incurred for excess time. They are recorded for inclusion in the final classification and published.

2. Individual Final Classification

2.1 THE WINNING INDIVIDUAL is the athlete with the lowest total of penalty points, after adding together, for each athlete, the penalty points incurred.

2.2 In any International Event, in the event of **EQUALITY BETWEEN TWO OR MORE ATHLETES**, the classification is decided by:

1. The best cross-country obstacle score including faults at obstacles and time penalties.
2. If there is still equality, the classification is decided in favour of the athlete whose cross-country time was closest to the optimum time.
3. If there is still equality, the athlete with the best Jumping score (time & obstacles).
4. If there is still equality, the athlete with the best time (fastest) in the Jumping Test.
5. If there is still equality, the classification will be decided in favour of the athlete with the best percentage score in the Dressage Test.
6. If there is still equality the tie will remain in the Final Classification.

3. Team Final Classification

3.1 THE WINNING TEAM is that with the lowest total of penalty points, after adding together the final scores of the three highest placed athletes in the team. For the purposes of Team Classification only, an athlete who fails for any reason to complete the entire competition will be awarded 1000 penalty points.

3.2 IN THE EVENT OF EQUALITY between any two or more teams, the classification will be decided by the best combined highest three placings – e.g. a team with athletes ranked individually 2nd, 8th and 12th, team total

2010 RULES FOR EVENTING

22, will beat one with athletes ranked 1st, 7th and 15th, team total 23. Should these figures be equal, a tie shall be declared.

4. Disqualification or Elimination

Disqualification or elimination from one of the tests entails disqualification or elimination from the final classification.

5. Disqualification due to positive Doping test an athlete or horse

5.1 OFFICIAL TEAM COMPETITION - Should an athlete and/or horse be disqualified for positive doping test, the athlete's result will be annulled. The teams result will be recalculated not taking into account the results achieved by the disqualified athletes/horse.

1. If by removing the disqualified member from the team, the number of the team members is still within the minimum required number of three athletes/horses per team; the team will be considered eligible and be classified accordingly.

2. If by removing the disqualified member from the team results, the number of the team members falls under the minimum required number (less than three athlete/horses per team), the team shall be disqualified. The classification of the other teams will be amended accordingly and prizes / (medals if applicable) redistributed.

5.2. INDIVIDUAL CLASSIFICATION - If an athlete and/or horse is disqualified in the Individual event due to a positive doping test, the athlete's results will be annulled and the next placed athlete will move up accordingly and prizes (medals if applicable) redistributed.

All ties will be broken according to paragraph 2 above.

Article 503 CATEGORIES & LEVELS OF EVENTS

1. International Events are denoted by their category and their level, for example: a CCI2* is an International Three Day Event at the Two Star level.

2. Categories indicate the type of competition and the extent of foreign participation in an Event. The four categories of events are:

2.1 NATIONAL EVENTS (CCN/CNC) - normally limited to national athletes, a CCN may be open to a maximum of six athletes not resident in the host country from not more than two foreign nations.

2.2 INTERNATIONAL EVENTS (CCI/CIC) - open to athletes from the host nation and to athletes from an unlimited number of foreign nations.

2.3 OFFICIAL INTERNATIONAL EVENTS (CCIO/CICO) - open to athletes from an unlimited number of nations, with an official team competition.

2.4 CHAMPIONSHIPS (CH) - with an official team competition, (unless specifically agreed by the Secretary General and the Chairman of the Eventing Committee) open to athletes from an unlimited number of nations, but may be confined to a continental or regional area.

2010 RULES FOR EVENTING

3. Events limited to Seniors are indicated by the letters noted above, for example: CCI3*. Events limited to Young Riders are indicated by the addition of the letter "Y", for example: CCIOY2*. Events limited to Juniors are indicated by the addition of the letter "J", for example: CCIJ1*.

4. The levels of Events are indicated by stars, ranging from One Star to Four Star. The Four Star Three Day events are those that require the highest level of training and experience from both horse and athlete. The levels of CIC Events range from One Star to Three Star.

CICs for Juniors may be held at the One or Two Star level.

CCIs may be offered at any level. CCIOs may be offered from One to Three Star level. The location, dates and levels of CCIOs must be approved by the Secretary General and the Chairman of the Eventing Committee. Each NF may only organise one CCIO in any calendar year. For the levels of competition at Games, Championships and Cups, see Chapter VI. NFs are encouraged to use stars to denote levels of CNS.

5. The proposed dates for a CIC must not, in the opinion of the FEI, damage CCIs, CCIOs, Games or Championships.

Article 504 INDIVIDUAL & TEAM COMPETITION

1. CCIs

There may be a team competition, an individual competition or both. When there are both, each member of a team will automatically be considered also as an individual athlete.

2. CICs

Unless otherwise agreed by the FEI, there must only be an individual competition.

3. CCIOs/CICOs, Games & Championships

There must always be a team and an individual competition, unless specifically agreed by the Secretary General and the Chairman of the Eventing Committee.

4. Teams

Teams will always be composed of athletes from the same nation. Teams will consist of either three or four athletes. Where there are four, the three best will be counted for the final classification. At CCIs, the number of teams from each nation is at the discretion of the Organising Committee. At CCIO/CICOs, Games and Championships each nation may enter only one team, except where additional regional teams are permitted by these Rules.

1. Principles

In order to compete at an international event, an athlete and horse must have obtained a ~~Qualifying Result (QR)~~ **Minimum Eligibility Requirement (MER)** at a number of events at a lower level.

The requirements are laid out below. With the approval of the FEI and their own NF, OCs may impose additional ~~qualifications~~ **Minimum Eligibility Requirements** for horses and/or athletes, which must be published in the Schedule.

NFs are encouraged to set stronger ~~qualifications~~ **Minimum Eligibility** standards than FEI requirements for horses/athletes at all levels of events.

2. Definitions

2.1 TYPE & LEVEL OF QUALIFICATION MINIMUM ELIGIBILITY REQUIREMENTS - Type and levels of Events are detailed in Article 503

2.2 ~~QUALIFYING RESULT (QR)~~ MINIMUM ELIGIBILITY REQUIREMENTS (MER)

1. A ~~qualifying result (QR)~~ **minimum eligibility requirement (MER)** is achieved by completing a competition within minimum parameters of all round performance. As follows:

9. ~~Establishment of Qualification~~ **Minimum Eligibility Requirements**

When the athlete obtains a ~~QR~~ **MER** at the higher level, then he and his horse are "established" (qualified to compete) at this higher level. This "establishment" lasts for the remainder of the year in which it was obtained and the 2 succeeding calendar years.

3.1 THE DECLARATION OF STARTERS will take place at a time to be announced by the Organising Committee. It will be after athletes have inspected the courses of the Cross-Country Test and after the First Horse Inspection.

3.2 IF there is only an individual classification, the Organising Committee may announce that presentation at the First Horse Inspection will be assumed to be a declaration to start.

3.3 WHEN there is a team classification, the Chefs d'Equipe must declare as part of the declaration of starters, in writing, the composition of the team, the starting order of the athletes within the team and, in the case of a team with three members, which starting position shall remain vacant.

2.3 HORSES taking part in CCNs, CIC 2*/1* and CCI 2*/1* in the country in which they are resident are not required to have such a passport as mentioned in Paragraph 2.2 above. All such horses must be properly registered with their NF and identifiable and, unless there is no national requirement for vaccination in the host country and in the country of origin, all horses must have a valid vaccination certificate.

Article 512 DRAW

1. Events with Individual Classification only

If there is only an individual classification, the draw will be conducted by the Organising Committee and the order of starting published in the programme.

2. Events with Team and Individual Classifications

2.1 WHEN there is a Team and an Individual Classification, a draw will take place to determine the nations order for the First and Third Inspection.

2010 RULES FOR EVENTING

This is also the team running order for athletes in the Dressage and Cross-Country Tests.

This draw will take place prior to the First Horse Inspection, in the presence of the Ground Jury, Technical Delegate and Chefs d'Equipe. All nations participating in the competition, whether by teams or individuals, will be included in this draw.

2.2 THE DETERMINATION of the starting order for the competition of all the athletes will be made after the First Horse Inspection, in the presence of the Ground Jury, Technical Delegate and Chefs d'Equipe, according to the following method:

2.3 THE TOTAL STARTING PLACES will be divided into eight blocks (A to H) and the athletes allocated to each block as follows:

- Block A: first athlete in each team
- Block B: 25% of individual athletes
- Block C: second athlete in each team
- Block D: 25% of individual athletes
- Block E: 25% of individual athletes
- Block F: third athlete in each team
- Block G: 25% of individual athletes
- Block H: fourth athlete in each team

The starting order within each team will be declared by its Chef d'Equipe. A team with only three members shall declare which starting position shall remain vacant. The team positions will be filled first. (If an athlete rides one horse in the team competition and one in the individual competition, then he must ride his team horse first.)

2.4 THE STARTING ORDER for the Individual athletes will then be determined as follows:

1. ATHLETES with a horse in the team competition, second horses will be placed by the Chefs d'Equipe in Block G, free choice in sequence according to the draw as per 2.1 above.

2. ATHLETES with 2 horses in the individual competition will be placed by Chefs d'Equipe in Block B and G, free choice in sequence according to the draw as per 2.1 above. Only one such athlete's horses may be placed by a Chef d'Equipe until his turn in the sequence recurs.

3. INDIVIDUAL athletes with one horse will now be positioned in any of the remaining unallocated starting places by their Chefs d'Equipe. At each turn in the sequence according to the draw in 2.1 above a Chef d'Equipe may place one horse in one of the blocks B, D, E, or G. The first individuals to be positioned (at this point) will be those without a representative team and this will take place in sequence according to the draw.

2.5 MORE than one member of a team will be permitted to ride two horses only if there are enough athletes in the event to allow both horses to be fitted into the time schedule in accordance with the above paragraph.

2010 RULES FOR EVENTING

3. Approval of Method of Draw

The method of draw must be approved by the Technical Delegate having consulted, if possible, with the Ground Jury. He may also approve rearrangement of the order or number of blocks of teams or individual athletes where the number of athletes makes it necessary.

Article 513 STARTING ORDER

1. At a Three Day Event the drawn starting order will be used for the Dressage and Cross-Country Tests.

2. The starting order in the Jumping Test must follow the reverse order of classification at the end of the Cross-Country Test. The lowest placed athlete will start first, and the last athlete to jump will be the one placed highest. If two horses ridden by the same athlete are classified within eight places of each other, the starting order of the lower placed must be adjusted.

3. At a CIC, the starting order will be drawn and this will be adhered to for the first two tests. The last Test, whether Show Jumping or Cross Country, may be run in reverse order of classification, at the discretion of the Organising Committee.

Article 514 TIMETABLE

1. Dressage Test

A timetable showing each athlete's starting time for the Dressage Test will be available to each athlete. The interval between starting times will be at the discretion of the Organising Committee, with the approval of the Technical Delegate.

2. Cross-Country Test

A timetable, showing each athlete's starting time for each phase, will be based on the optimum time for each phase. This timetable needs to be produced immediately after the end of the Dressage test. A copy will be available to each athlete. The interval between starting times will be at the discretion of the Organising Committee, with the approval of the Technical Delegate.

3. Jumping Test

A time schedule showing the start and the approximate finish of the Jumping Test shall be published. If the schedule is split, for example between morning and afternoon sessions, the number of athletes that will jump in the second session shall be noted.

4. CICs

Where two or more of the Tests take place on the same day, each horse must be allowed a minimum of 30 minutes between Tests.

2010 RULES FOR EVENTING

If the Cross Country takes place before the Show Jumping, there must be an interval of at least 1 hour between the finish of the Cross Country and the start of the show jumping for each horse.

Chapter II General Rules

Article 515 EXERCISING & WARMING-UP

1. Identification Number

Upon arrival, each horse is issued with an identification number, which must be worn at all times. It may be replaced by the draw number, which must then be worn until the end of the event. Failure to display either number incurs first a warning and, in the case of a repeated offence, a fine imposed on the athlete by the Ground Jury.

2. Restrictions on Schooling Horses

2.1 DURING THE THREE DAYS before the start of the First Horse Inspection or the Dressage Test as applicable and for the entire duration of an International Event, it is forbidden under penalty of disqualification for anyone to school a horse other than the athlete who will ride the horse in the competition.

These should include tracks and areas for hacking and for galloping. The Organising Committee must inform athletes of the areas that are available for this purpose. Horses may be exercised only in such designated areas and/or in the practice areas for dressage and jumping.

4. Practice Dressage Arena

At least one practice arena of 60 by 20 meters must be put at the disposal of the athletes two days before the first day of the Dressage Test. If possible, this arena should be of the same consistency as the competition arena.

5. Practice Obstacles

The only practice obstacles that athletes may jump are those provided by the Organising Committee. The Organising Committee must provide at least two fixed practice obstacles which must be marked with red and white flags, of which the dimensions may not exceed those of the cross-country phase. ~~There shall be no practice obstacles available on the cross-country day between the start of Phase A and the finish of Phase D at events with~~

2010 RULES FOR EVENTING

~~Steeple Chase.~~ For any **all** competition without Steeple Chase there will be a practice warm-up area near the start of the Cross Country with both fixed and knock down obstacles, the specifications for the latter being as set out below.

JUMPING TEST: All obstacles must be marked with red and white flags. No part of the obstacle may ever be held by anyone. These obstacles may not be raised more than 10 cm above the height allowed in the Jumping Test. The spread may never exceed the maximum permitted. The practice obstacles shall only be jumped at times laid down by the Organising Committee. Violation of any of the above provisions relating to practice obstacles is forbidden, under penalty of disqualification (see "Rules for Jumping Events").

6. Stewards

One or more Stewards must be appointed to ensure that the rules regarding exercising and warming-up are obeyed. A Steward must be present at whatever times the Organising Committee has laid down that practice obstacles may be used. Other practice and exercise areas may be patrolled by Stewards in a random manner.

Article 516 ACCESS TO COURSES & ARENAS

1. Dressage Arena

Unless permission is given by the Jury, it is forbidden for athletes, under penalty of disqualification, to enter the arena mounted at any time other than when performing their test during the competition. The arena may be inspected on foot prior to the start or during breaks in the competition.

2. Cross-Country Courses

2.1 IT IS FORBIDDEN, under penalty of disqualification, to inspect the obstacles or the course before it is officially open to the athletes, unless agreed to by the Technical Delegate.

2.2 THE CROSS-COUNTRY COURSE will be opened to all athletes on the same day before the event begins.

2.3 ALL OBSTACLES, flags and markers that have to be observed by athletes shall be exactly in position when the course is opened to athletes. Thereafter, they may not be moved or altered by athletes under penalty of disqualification.

2.4 AFTER THE COURSE has been officially opened, athletes are allowed to revisit the course during the hours of daylight and examine the obstacles. This examination must take place on foot only, unless special permission is given by the Jury.

3. Jumping Course

3.1 THE COURSE FOR THE JUMPING TEST will be open to athletes not less than 30 minutes before the start of the Jumping Test.

2010 RULES FOR EVENTING

3.2 ATHLETES ON FOOT will be admitted to the arena before the Jumping Test. Permission to enter the arena will be given by the Ground Jury. An announcement must also be made over the public address system.

3.3 UNLESS PERMISSION is given by the Jury, it is forbidden for athletes, under penalty of disqualification, to enter the arena on foot once the competition has started.

Article 517 INTERRUPTIONS & MODIFICATIONS

1. Interruptions

The timetable may be interrupted due to dangerous conditions. If necessary, the start of any test or phase may be brought forward, postponed or cancelled. The decision to interrupt or cancel a test will be made by the President of the Ground Jury after consultation with the other Members of the Ground Jury and the Technical Delegate, if possible. In the case of an interruption, the event will be resumed as soon as possible at the point of the interruption. Every affected athlete must receive sufficient warning before the resumption of the competition.

2. Modifications

After the courses have been officially shown to the athletes, alterations may be made only when exceptional circumstances (such as heavy rain or hot weather) make obstacles or a test unfair or dangerous. The decision will be taken by the President of the Ground Jury after consultation with the other Members of the Ground Jury and Technical Delegate if possible. He is authorised to make any necessary changes to the test. In such cases, the Chefs d'Equipe and every athlete must be officially and personally informed of the alteration before the start of the phase or the test concerned. Where appropriate, an official must also be stationed at the place where the alteration has been made in order to warn the athletes.

Article 518 INSPECTION & EXAMINATION OF HORSES

1. Championships & CCIOs & CCIs

1.1 EXAMINATION UPON ARRIVAL - This takes place on the arrival of horses at the stables of the event. It is performed by a qualified veterinarian, normally the Associate Veterinarian, appointed by the Organising Committee. The object is to establish first each horse's identity and veterinary history (vaccination, etc.) and second, each horse's state of health (but not its soundness). The Organising Committee must fix the place and timetable for this examination in agreement with the Veterinary Delegate and inform in advance the Chefs d'Equipe and/or the individuals. Doubtful cases must be reported to the Ground Jury or Appeal Committee as appropriate, as soon as practicable and, in any case, before the First Horse Inspection.

1.2 FIRST HORSE INSPECTION - This takes place before the Dressage Test, normally the day before. It is conducted by the Ground Jury and the Veterinary Delegate acting together as a committee with the President of

2010 RULES FOR EVENTING

the Ground Jury in charge. The horses must be inspected in hand, at rest and in movement on a firm level, clean but not slippery surface. The committee has the right and the duty to eliminate from the competition any horse that they judge is unfit, whether on account of lameness, lack of condition or for any other reason. In a doubtful case the Ground Jury may direct that the horse be put in an officially supervised holding area for examination by the Associate Veterinarian. He will report any findings to the Ground Jury and the Veterinary Delegate, prior to the horse being re-inspected by the committee, should the athlete decide to represent the horse. Horses in the holding area will be under the supervision and control of the Associate Veterinarian. In the event of equality of votes within the committee, the President of the Ground Jury will have a second and casting vote, and the decision will be announced immediately.

1.3 CROSS COUNTRY - There will be a Veterinarian near the start of the Cross Country to report any doubtful cases to the Ground Jury.

1.4 EXAMINATION AFTER CROSS COUNTRY OBSTACLE TEST - This takes place after the athlete has finished the Cross Country. It is conducted by a qualified veterinarian appointed by the Organising Committee in agreement with the Veterinary Delegate. In addition to carrying out any immediate treatment required by an injured or exhausted horse, this veterinarian will decide if each horse:

1. Is fit to return immediately on foot to its own stable,
2. Should remain for further treatment before returning to its stable,
3. Should be transported by vehicle (which must be available) either direct to its stable or to a veterinary hospital.

This veterinarian has no authority to eliminate any horse from the competition, but must report any doubtful case to the Ground Jury and to the Veterinary Delegate.

1.5 SECOND HORSE INSPECTION - This takes place before the Jumping Test. It is conducted by the same committee and under the same conditions as the First Horse Inspection.

1.6 APPEAL - At the ~~three~~ **two** inspections where a horse may be eliminated from the competition, there can be no appeal against the decision of the committee concerned. However, if requested, the president must give a reason for the committee's decision after the completion of the whole inspection. The Veterinary Delegate will be a member of the committee present at these ~~three~~ **two** horse inspections.

1.7 DURING THE COMPETITION - At any other time during the competition, any individual member of the Ground Jury has the right and the duty to eliminate any horse, which in his opinion is lame or unfit to continue. An athlete who has withdrawn, been eliminated or stopped during the Cross Country for dangerous riding or abuse of Horse is responsible to present his/her horse if fit to walk back to the Stables to the Veterinary Delegate or an appointed Veterinary.

1.8 PUBLIC - The Horse Inspections shall be open to viewing by the public.

1.9 MEDICATION CONTROL TESTING / VETERINARY MANAGEMENT - A meeting of the Veterinary Delegate appointed for the CIC and

2010 RULES FOR EVENTING

representative(s) of the Organising Committee should take place well before the event to go through the veterinary management for the CIC.

The Organising Committee must provide adequate veterinary facilities including a suitable box for clinical examination and first aid, and a sampling box for medication control purposes.

Medication control testing should be carried out by an official Testing Veterinarian as part of the FEI's Medical Control Programme or by the Veterinary Delegate if the event is outside the MCP area (i.e. Groups I & II).

2. ~~CICs—exceptional alternative Horse Inspection procedures at all CIC competitions~~

~~If the event is organised on one or two days, and in exceptional circumstances and if agreed by Technical Delegate, an alternative procedure may be adopted:~~

~~**2.1—HORSE INSPECTION**—One Horse Inspection must take place before the Dressage Test is completed, according to the same format as for CCIs. Every horse must be inspected by the Veterinary Delegate or the Associate Veterinarian with at least one Member of the Ground Jury or another FEI listed Judge. Should a second Inspection be organised, the Members of the panel should be consistent with the 1st Horse Inspection.~~

~~If there is any doubt about the horse's fitness to compete, a member of the Ground Jury will make the final decision as to whether it can continue in the competition:~~

~~If a CCI and CIC competition are held together at the same venue, a horse that is not accepted at a CCI Horse Inspection cannot start in the CIC competition:~~

~~At all CIC competitions there must be an Official Horse Inspection, as per Article 518.1.2 for CCI's. The Horse Inspection must be published in the schedule, and must take place at an appointed time:~~

~~**2.1** Before the Dressage or Jumping test for CICs organised according to the Dressage-Jumping-Cross Country format.~~

~~**2.2** After Cross Country test and before the Jumping test for CICs organised according to the Dressage-Cross Country-Jumping (CCI) format (in this case Organisers may also include an additional first horse inspection before the Dressage test).~~

~~The specific provision take precedence over the FEI Veterinary Regulations however the general principles of the FEI Veterinary Regulations Art 1011 – "Horse Inspections" prevail.~~

Article 519 HORSE & ATHLETE WELFARE

1. Eventing Risk Management Vision statement

Eventing constitutes an exciting and challenging all-round test of riding ability and horsemanship within an accepted and acceptable level of risk. Every effort must be made to ensure that, at each level, responsible athletes are participating with progressively trained horses in order not to

2010 RULES FOR EVENTING

be exposed to a higher risk than which is strictly inherent to the nature of the competition.

2. Control of Medication of Horses

The Control of Medication of Horses must be conducted in accordance with the "General Regulations" and the "Veterinary Regulations".

3. Athlete Fitness & Medical card

It is compulsory that athletes, during the Cross-Country Test, carry visibly on their person a medical card including any relevant medical history of serious illness, injury (particularly to the head), tetanus immunity status, drug allergies, current medication and blood group. Organising Committees need to collect all athletes' Medical cards upon their arrival at the event. These cards must then be checked by the Organising Committee's Medical Officer. It is recommended that a copy be kept during the event by the OC Secretariat. Each athlete should also provide the contact numbers of two persons close to kin at this time.

Athletes are responsible to record all injuries on the Medical card.

4. Examination after a fall - Medical Fitness

4.1 IF there is any doubt with regard to fitness to compete the Ground Jury may with **Medical Advice** eliminated the athlete at its discretion.

~~A veterinarian and/or an Official Medical Officer as appropriate must examine all horses and athletes that have a fall during training or competition before they either take part in another test, event or leave the competition site (1st July 2009).~~

All Athletes that have had a fall during training or competition must be examined by the Official Medical Officer before they either take part in another test, competition or leave the event site. Chapter III Dressage Test

Article 523 RULES FOR DRESSAGE EVENTS

The "Rules for Dressage Events" apply for Eventing Dressage except where otherwise provided in these rules. Any modification introduced by the FEI Dressage Committee during the year will be evaluated for inclusion in these Rules for Eventing from 1st January the following year.

Article 524 THE NATURE OF DRESSAGE TEST

1. The nature of the Dressage Test will be determined by the level of the Event and will, therefore, be related to the quality and the standard of preparation of the athletes and horses. 4 Within the limits shown in Annex 4-2, Organising Committees are free to select the specific test to be used.

At Games, Championships and Cup Finals the dressage test to be used will be decided by the FEI.

1. A DRESSAGE TESTS would apply for all championships all **star** levels in uneven years.

2. B DRESSAGE TESTS would apply for all championships of all star levels in even years.

Exception: however, for Junior Championships only the "B" test will be used.

2. Number of Tests to be judged by day

The Organiser may include a maximum of 50 horses per day to be judged by one Ground Jury, with an additional flexibility of maximum 10%, if agreed by the Technical Delegate and President of Ground Jury.

Article 525 JUDGES POSITION

Two of the three judges must be placed along the short side, on the outside of and 5 metres from the arena. The president (C) shall be on the prolongation of the centre line, the other (M or H) 2.50 metres from and on the inside of the prolongation of the long sides. At a CIC, the two judges will be positioned at C and either B or E, as determined by the Technical Delegate, taking into account the recommended position(s) for each test. A separate hut must be provided for each judge. They must be raised not less than 50 cm above the ground, in order to give the judges a good view of the arena.

2010 RULES FOR EVENTING

Article 526 SCORING

1. Marking

1.1 JUDGES will award good marks from 0 to 10 for each numbered movement and for each of the collective marks.

1.2 ERRORS of course or test will be penalised as follows:

1st time 2 points

2nd time 4 points

3rd time elimination

1.3 IN THE CASE of a fall of horse and/or athlete, the athlete will not be eliminated. He will be penalised by the effect of the fall on the execution of the movement concerned and in the collective marks (No 3 and/or No 4).

1.4 AFTER ELIMINATION (except when eliminated for marked lameness), an athlete may continue his performance to the end. The marks will be awarded in the ordinary way.

2. Calculation of Scores

2.1 THE GOOD marks from 0 to 10 awarded by each judge to an athlete for each numbered movement of the Dressage Test together with the collective marks are added together deducting any error of course or test.

2.2 FOR EACH judge the percentage of maximum possible good marks obtainable is then calculated. (Percentage is obtained dividing total good marks of the judge (minus any error of course or test) by maximum possible good marks obtainable and then multiplying by 100 and rounding the result to two decimal digits. This value is shown as the individual mark for that judge. (Rounding the result to 2 decimals includes any score of x.xx5 and above is round up and any score less than x.xx5 in rounded down).

2.3 AVERAGE PERCENTAGE for the athlete is obtained by adding together the percentage for each judge and dividing by the number of judges always rounding the result to two decimal digits.

2.4 IN ORDER to convert average percentage into penalty points, this must be subtracted from 100 and multiplied by 1.5, with the resulting figure being rounded to one decimal digit. The result is the score in penalty points for the test (Rounding the result to one decimal includes any score of x.x5 and above is round up and any score less than x.x5 in rounded down).

Chapter IV Cross-Country Test

Article 527 OBJECT

1. Cross Country

~~This test is to prove the ability of the true cross country horse when it is well trained and brought to the peak of condition. At the same time, it demonstrates the athlete's knowledge of pace and the use of his horse.~~

The Cross Country Test constitutes the most exciting and challenging all-round test of riding ability and horsemanship where correct principles of training and riding are rewarded. This test focuses on the ability of athletes and horses to adapt to different and variable conditions of the competition (weather, terrain, obstacles, footing, etc.) showing jumping skills, harmony, mutual confidence, and in general "good pictures".

Article 528 CROSS COUNTRY

1. CCI Event

In the Cross Country Obstacle phase the course is of such a length that the horse is still required to be supremely fit and stamina will be required for success. The test will always take place before the Show Jumping.

2. CIC Event

In a CIC Event the test is of a similar level of difficulty, according to the star system, but the course is shorter. The Cross Country test may take place either before or after the Show Jumping.

Article 529 RULES GOVERNING THE CROSS COUNTRY TEST

1. Starting

1.1 ATHLETES at the start of the Cross Country Obstacles phase must be under the control of a starter and may not deliberately start until instructed to do so, under penalty of elimination, at the discretion of the Ground Jury. The horse does not have to stand absolutely immobile, but the athlete must not get any advantage from a flying start. Each athlete should be given reasonable warning before the time he is due to start, but it is the athlete's responsibility to ensure that he is ready to start at the correct time.

1.2 IN ORDER to simplify the task of the starter, an enclosure approximately 5 X 5 m will be built at the start of Cross Country, with an open front through which horses will start and a gap in one or both sides from which the horses will enter. Each athlete must start from within the enclosure and is at liberty to move around and through the enclosure as he pleases. An attendant may lead the horse into the enclosure and may hold the horse until the signal to start is given. From that instant, the athlete is

2010 RULES FOR EVENTING

considered to be on the course and no further assistance may be given (see Art. 529.8).

1.3 IF AN ATHLETE starts early on Cross Country, his time will be recorded from the moment he crossed the start line.

1.4 LATE FOR START - If for any reason an athlete is not ready to start Cross Country at his correct time, he may be allowed, at the discretion of the starter, to start when he is ready, subject to the following conditions:

1. A late athlete will not be permitted to start if he is likely to interfere with the subsequent athlete nor may he start after the subsequent athlete.
2. His starting time will be recorded as if he had started at the correct time.

2. Time

2.1 OPTIMUM TIME - the distance chosen, carried out at the chosen speed, gives the optimum time. Completing in less than the optimum time is not rewarded. An athlete exceeding the optimum time will be penalised in accordance with Art. 532.2 up to the time limit. The time limit is twice the optimum time.

2.2 TIMING OF THE CROSS-COUNTRY TEST - if an athlete is stopped on any of the phases by an official, e.g. for a broken fence, accident, being overtaken, for medical or veterinary examination, etc., the time during which he is prevented from continuing until he is cleared to start will be recorded and deducted from the total time taken to complete the phase.

3. Error of Course

All compulsory passages on Cross Country and all obstacles, including all elements and/or options, must be passed or jumped in order under penalty of elimination. All red or white flags must be respected wherever they occur on course, except as provided in Art. 533.5, under penalty of elimination, at the discretion of the Ground Jury. Retaking an obstacle already jumped is forbidden, under penalty of elimination, except as provided for in Art. 533.5.

4. Pace & Dismounting

Between the start and finish of the Cross Country, athletes are free to choose their own pace. ~~They must be mounted to pass all red and white boundary flags. Dismounting as a result of attempting an obstacle, whether voluntary or not, is penalised in accordance with Art. 533. Elsewhere on the courses,~~ Athletes may voluntarily dismount **without incurring elimination according to Art. 533 to check on horse, adjust saddlery or equipment.** ~~without incurring a fault other than possible penalties for exceeding the optimum time.~~

5. Overtaking

5.1 ANY ATHLETE who is about to be overtaken by a following athlete must quickly clear the way. Any athlete overtaking another athlete must do so only at a safe and suitable place.

2010 RULES FOR EVENTING

5.2 WHEN THE LEADING ATHLETE is before an obstacle and about to be overtaken, he must follow the directions of the officials. When the leading athlete is committed to jumping an obstacle, the following athlete may jump that obstacle only in such a way that will cause no inconvenience or danger for either.

5.3 THE PENALTY FOR WILFUL OBSTRUCTION of an overtaking athlete, failure to follow the instructions of the officials, or causing danger to another athlete is elimination at the discretion of the Ground Jury.

5.4 THE TIME DURING WHICH THE ATHLETE is held up by officials will be recorded and deducted from the total time taken by the athlete to complete the course.

6. Athletes in Difficulty

6.1 IF, in attempting to negotiate an obstacle, a horse should be trapped in such a way that it is unable to proceed without assistance or is liable to injure itself, the athlete will be instructed by the fence judge to dismount and will be eliminated.

6.2 THE FENCE JUDGE will decide if parts of it need to be dismantled or if any other assistance needs to be given to extricate the horse.

7. Stopping Athletes

7.1 IF ANY PART OF AN OBSTACLE is obstructed by an athlete in difficulty, or if any obstacle has been dismantled to release a fallen horse, or if an obstacle has been broken and is not yet rebuilt, or in any other similar circumstances, subsequent athletes must be halted.

7.2 IN SUCH A CASE, an official should be posted in the path of an oncoming athlete. He shall wave a red flag, which indicates that the athlete must stop. Failure to stop is penalised by elimination at the discretion of the Ground Jury.

7.3 ATHLETES may be stopped at obstacles or at Stopping Points on the course.

7.4 THE OFFICIAL will stop athletes only upon the instruction of the Control Centre or during an emergency at his own obstacle.

7.5 THE TIME during which the athlete was stopped, from the moment he passed the Stopping Point until he re-passed that same point after being given the order to restart, will be recorded. It will be deducted from the total time taken by the athlete to complete the course. It is clearly intended that the time shall be taken as the athlete gallops past the Stopping Point, not after he halts nor after a start from the halt.

8. Unauthorised Assistance

8.1 ANY INTERVENTION by a third party, whether solicited or not, with the object of facilitating the task of the athlete or of helping his horse, is considered unauthorised assistance and the athlete is liable to be eliminated.

8.2 IN PARTICULAR, the following are forbidden:

1. intentionally to take a lead from another athlete;

2010 RULES FOR EVENTING

2. to be followed, preceded or accompanied, on any part of the course, by any vehicle, bicycle, pedestrian, or horseman not in the competition;
3. to post friends at certain points to call directions or make signals in passing;
4. to have someone at an obstacle to encourage the horse by any means whatsoever;
5. to tamper with the obstacles or any part of the course, including, for instance, flags, indicators, markers, notices, ropes, trees, branches, wire or fences, whether temporary or permanent.

8.3 THE USE OF ANY ELECTRONIC receiving apparatus by athletes is strictly forbidden, while mounted during competition.

8.4 OFFICIALS OR SPECTATORS who draw the attention of an athlete to a deviation from the course are giving unauthorised assistance which may result in the elimination of the athlete. In such a case, an official is liable to be disciplined according to the "General Regulations".

8.5 ANY CASE of unauthorised assistance will be decided by the Ground Jury.

8.6 EXCEPTIONS

~~1. AFTER A FALL~~ or if an athlete dismounts, he may be assisted to catch his horse, to adjust his saddlery, to remount or be handed any part of his saddlery or equipment while he is dismounted or after he has remounted.

1. WHIP, HEADGEAR OR SPECTACLES may be handed to an athlete without dismounting.

2. AN ATHLETE may receive clarification of jumping penalties from the Fence Judge, e.g. after having knocked a flag at the corner of obstacle.

9. After Elimination

An athlete eliminated for any reason must leave the course at once and has no right to continue. The athlete must walk his horse off the course, either mounted or dismounted. Violators shall be warned or fined, at the discretion of the Ground Jury, in accordance with the "General Regulations" & Art. 520 of these Rules.

10. Closed circuit Television

The provision of closed circuit television of the Cross Country Obstacle test in the athlete enclosure of the start Box and at the control Centre for the use of the Ground Jury and Control Officials is mandatory for all Four Star International Three Day Events (CCI4*) and Four and Three star Championships (CH-C 4/3*). If this is impractical, the OC may, with the support of the Technical Delegate, apply to the FEI for this requirement to be waived.

Article 530 COURSES

1.1 RED OR WHITE BOUNDARY FLAGS - Red or white boundary flags shall be used to mark the starting and finishing lines, to mark compulsory

2010 RULES FOR EVENTING

passages, and to define obstacles. They are placed in such a way that an athlete must leave a red flag on his right and a white flag on his left.

1.2 YELLOW DIRECTIONAL MARKERS - Yellow directional markers shall be used to show the general direction to be taken and to help the athlete to find his way. Where necessary, they shall be superimposed with the letter of the phase. Passing close to them is not obligatory.

1.3 NUMBERS & LETTERS - Each obstacle on Cross Country shall be numbered. Obstacles with elements or options (see Art. 531.2) shall, in addition, be lettered (A, B, C, etc.). Each compulsory passage shall be marked with the relevant letter of the phase and numbered consecutively.

1.4 START & FINISH SIGNS - In addition to the red or white boundary flags, the starting and finishing line of each phase shall also be marked by distinct signs.

2. Distances & Speeds

2.1 THE DISTANCES AND THE SPEEDS demanded are determined by the intended difficulty of the whole test. Within the limits shown in Annex 5-3b, Course Designers may, with the approval of the Technical Delegate, choose the distances most suitable to the terrain and to the quality and standard of preparation of the athletes.

2.2 ANY MODIFICATION to the distances and speeds specified in Annex 5 must be approved by the Secretary General and by the Chairman of the Eventing Committee, except as provided for in Art. 517.2.

3. Finishing Lines

The last obstacle of Cross Country shall be not less than 30 metres no more than 75 metres from the finishing line.

4. Course Plans

4.1 EACH ATHLETE will be given in advance a plan showing the track of the course.

4.2 THE PLAN must include the following: the position of the start and finish; the numbered obstacles and compulsory passages; the distance; the optimum time and time limits.

Article 531 OBSTACLES

1. Definition

An obstacle is considered as such if and only if its extremities are marked with a red and white flag or flags and it is numbered. All significant jumping efforts that the average horse may be expected to attempt to negotiate must be defined as an obstacle or element and flagged, numbered and/or lettered accordingly.

2. Obstacles with Elements or Options

2.1 OBSTACLES COMPOSED OF SEVERAL ELEMENTS - If two or more jumping efforts, sited closely together, are designed as one integral test, they will be designated as "elements" of a single numbered obstacle. Each element

2010 RULES FOR EVENTING

will be marked with a different letter (A, B, C, etc.) and must be negotiated in the correct order.

Where two or more jumping efforts are sited so closely together that after a refusal, **or** run-out ~~or fall~~ it would be unreasonably difficult to attempt to negotiate the second or subsequent effort without retaking one or more earlier efforts, these jumping efforts must be designated as one numbered obstacle and lettered accordingly (Diagram, Annex 3 5).

2.2 OBSTACLES WITH OPTIONS OR ALTERNATIVES - Where an obstacle may be jumped in one effort but has options involving two or more efforts, each of these options must be lettered as an element.

2.3 ALTERNATIVE OBSTACLES OR ELEMENTS may be flagged separately and must be identified by the same number/letter as on the direct route. In this case both sets of flags must be marked with a black line. Such 'black flag' alternatives are to be judged as separate obstacles or elements, only one of which has to be jumped. An athlete is permitted to change without penalty from one black flagged line to another (e.g. jumping 6a left hand route then 6b right hand route) provided he has not presented his horse at the next element of the original line.

3. Type of Obstacles

3.1 THE OBSTACLES must be fixed and imposing in shape and appearance. When natural obstacles are used, they should, if necessary, be reinforced so that they remain in the same state throughout the test. All reasonable precautions must be taken to prevent the possibility of an athlete being able to pass mounted under an obstacle. Portable fences must be secured to the ground in a way that the fence cannot move.

3.2 THE CROSS-COUNTRY OBSTACLES at which a horse, in falling, is likely to be trapped or to injure itself, must be built in such a way that part of the obstacle can be quickly dismantled and can be quickly rebuilt exactly as before. Such a construction must not in any way detract from the solidity of the obstacle.

3.3 IN ALL WATER CROSSINGS, the bottom should be firm and consistent.

3.4 BRUSH ON TOP OF FENCES must be measurable and be made of flexible and deformable material.

4. Number of Jumping Efforts

4.1 THE NUMBER OF JUMPING EFFORTS shall be within the limits shown in Annex 5 3b.

4.2 TO ARRIVE at the number of jumping efforts, the efforts on the route expected to be taken by the average horse shall be totalled.

5. Dimensions

5.1 THE DIMENSIONS OF OBSTACLES must be within the limits shown in Annex 4 for the relevant level of competition.

5.2 THE FIXED AND SOLID PART of an obstacle may not exceed the specified height or spread at any of the points at which an athlete might reasonably attempt to negotiate the obstacle.

2010 RULES FOR EVENTING

5.3 AT OBSTACLES involving water crossings (ford, lake or wide river), the depth of water, from the entrance to the exit must not exceed 35 cm. The length of any water crossing must be at least 6 meters between entry and exit, except where an exit step(s) or fence is jumped directly out of the water, in which case the minimum length must be 9 meters.

5.4 AT OBSTACLES with spread only (dry or water-filled ditch), a guard rail or hedge in front that facilitates jumping is permitted. It may not exceed 50 cm in height and must be included in the measurement of the spread.

5.5 THE NUMBER OF OBSTACLES at Four, Three and Two Star Events with a compulsory drop exceeding 1.60m is limited to two. At One Star Events, no compulsory drops over 1.60 metre are permitted.

6. Measurement

6.1 THE HEIGHT of an obstacle is measured from the point where the average horse would take off. The spread of an open obstacle (e.g. Oxer or Ditch) is measured from the outside of the rails or other material making up the obstacle. The spread of a closed obstacle with a solid top (e.g. Tables) is measured from the highest point to the highest point.

6.2 OBSTACLES of the Cross-Country Test: the maximum height of the fixed and solid part of a hedge or brush fence must never exceed the dimensions specified in Annex 3A - Table of Obstacle Heights and Spreads. The overall height of a hedge or brush fence must never exceed to the dimension set in table in Annex 3. The fence must be constructed so that a horse clearing the fixed and solid part is unlikely to be injured by the brush or hedge. Bullfinches, i.e. thin brushes or hedges through which a horse can be expected to jump are permitted, provided they can be maintained in consistent condition throughout the test (explanation on measurements – see Annex 3B).

6.3 WHEN THE HEIGHT of an obstacle cannot be clearly defined (natural hedge or brush fence), the height is measured to the fixed and solid part of the obstacle through which a horse cannot pass with impunity.

6.4 THE DROP on the landing side of an obstacle is measured from the highest part, including from the top of a brush fence, of the obstacle to the spot where the average horse would land.

Article 532 SCORING

1.1 REFUSAL, RUN-OUT OR CIRCLES

First refusal, run-out or circle	20 penalties

7. **RETAKING** an obstacle already jumped, Art. 529.3.
8. **ATHLETE** in difficulty Art 529.6.1

2010 RULES FOR EVENTING

Article 533 DEFINITIONS OF FAULTS

The following faults at obstacles (refusal, run-out or circle fault) will be penalised unless, in the opinion of the responsible official, they are clearly not connected with the negotiation or attempted negotiation of a numbered obstacle or element.

1. Refusal

At obstacles or elements with height (exceeding 30 cm), a horse is considered to have refused if it stops in front of the obstacle to be jumped.

At all other obstacles (i.e. 30 cm or less in height) a stop followed immediately by a standing jump is not however penalised, but if the halt is sustained or in any way prolonged, this constitutes a refusal. The horse may step sideways but if it steps back, this is a refusal.

After a refusal, if an athlete redoubles or changes his efforts without success, or if the horse is represented at the obstacle after stepping back and stops or steps back again, this is a second refusal; and so on.

2. Run-out

2.1 A HORSE is considered to have run out if, having been presented at an element or obstacle on the course, it avoids it in such a way that the head and neck of the horse and the head of the athlete when mounted fail to pass between the extremities of the element or obstacle as flagged.

2.2 AN ATHLETE will also be penalised 20 penalties if the horse disobediently avoids that part of the fence at which it has been presented, but succeeds in negotiating the obstacle at some other part, between the flags. However an athlete is permitted to change his mind as to where he jumps an obstacle or element at any time, without penalty, including as a result of a mistake at a previous obstacle or element. If, however, the horse avoids part of the obstacle at which it has been presented, 20 penalties are incurred.

2.3 JUDGING OF BOUNCE OBSTACLES - At any obstacle where the distance between elements is 5 meters or less (i.e. a 'bounce'), when a horse has negotiated the first element without penalty, he will be deemed to have been presented at the second element – and similarly if the "bounce" is for example the second and third elements of a combination. Thus if an athlete "changes his mind" while negotiating the first element of a "bounce" and , for example, then goes a longer route, he will still be penalised 20 penalties for a run-out.

3. Circle

3.1 AT AN OBSTACLE composed of several elements (A, B, C, etc...) a horse will be penalized if it passes around any element or circles between elements at any time between first being presented at the obstacle and finally completing the last element. See updated diagrams in Annex 5 (see Art. 531.2.3).

3.2 AFTER being penalised for a refusal, run-out or circle, an athlete is permitted to cross his original track without penalty in order to make

2010 RULES FOR EVENTING

another attempt and may also circle one or more times without penalty, until he again presents his horse at the obstacle.

3.3 AT SEPARATELY numbered obstacles, an athlete may circle between or around them without penalty provided he has not presented his horse at the second or subsequent obstacles.).

4. Fall

4.1 AN ATHLETE is considered to have fallen when he is separated from his horse in such a way as to necessitate remounting or vaulting into the saddle.

4.2 A HORSE is considered to have fallen when at the same time both its shoulder and quarters have touched either the ground or the obstacle and the ground or when it is trapped in a fence in such a way that it is unable to proceed without assistance or is liable to injure itself.

5. Obstacle composed of Several Elements

At an obstacle composed of several elements, an athlete may refuse, run out and/or circle only twice in all without incurring elimination. If he refuses, runs out or circles at any element, he is permitted to retake any elements already jumped, although he is liable to be penalised for any fault even if he has previously jumped an element successfully. If after a refusal, run-out or circle, he wishes to pass through flags in the wrong direction in order to retake an element, he may do so without penalty.

6. Instruction to Officials

Where there is any doubt as to the correct interpretation of the rules of judging any element, obstacle or combination of obstacles, it is recommended that the Technical Delegate, in consultation with the Ground Jury if possible, should approve the instructions to the Officials, providing a rough sketch if necessary, and all athletes will be informed at the briefing or as soon as possible after the Technical Delegate's decision, if later.

Chapter V Jumping Test

Article 534 RULES FOR JUMPING EVENTS

The "Rules for Jumping Events" apply for Eventing Jumping except where otherwise provided in these rules. Any modification introduced by the FEI Jumping Committee during the year will be evaluated for inclusion in these Rules for Eventing from 1st January the following year.

Article 535 OBJECT & GENERAL DESCRIPTION

1. This test is similar to an ordinary show jumping competition, but without any attempt to find a 'winner' of this test on its own. Its main objective is to prove that, the horse and athlete are well trained in the specialist discipline of Show Jumping.

2. The nature of the course, its length, the speed demanded and the dimensions of the obstacles depend on the degree of difficulty of the whole competition.

Article 536 SIZE OF ARENA

As an exception to Article 201 of FEI Rules for Jumping, the arena must be enclosed. While a horse is in the arena during a competition, all entrances and exits must be physically closed. Any arena of less than 4,000 sq m and/or less than 50m wide on the short side must be specifically notified to the FEI and approved by the Technical Delegate before the schedule for the event is approved.

If the arena is less than 5000 square meters, the maximum speed for Three and Four star events shall be 350 meters/min.

In arenas less than 2300 square meters the maximum speed for any level shall be 325 meters/min.

Article 537 COURSE - OBSTACLES

1. Distance & Speed

Within the limits shown in Annex 5, the Course Designer is free to plan a track suitable to the level of the competition. In exceptional circumstances it is permissible, with the approval of the Technical Delegate and Ground Jury to add up to 10% of the maximum permitted distance.

2. General

The obstacles will be standard Show Jumping obstacles. There will be 10 to 13 in number, with 13 to 16 efforts maximum depending on the level of the event as per limits shown in Annex 4.

2010 RULES FOR EVENTING

3. Dimensions

The dimensions of the obstacles shall not exceed the limits shown in Annex 4. At least two thirds shall be of maximum height for the level offered. The top spread of an obstacle may not be more than the dimensions set in Annex 4. A tolerance of 5 cm in height is acceptable, if dictated by the terrain or by the spacing of the cups as authorized by the FEI Jumping Rules.

4. Type of Obstacles

The obstacles should have a balance of vertical and spread obstacles and shall include two or three doubles or a double and a treble.

Closed combinations are not permitted. A water jump is not permitted, but a water ditch with rails over is allowed. FEI approved safety cups ~~of 25mm~~ must be used as support for back poles of spread obstacles, and in the case of a triple bar, to support the centre and back pole of the obstacle. Alternative obstacles are permitted. These jumps are to be marked on the course plan with the same number and with the word "Alternative".

Article 538 SCORING

1. Faults on the Course

Knocking down an obstacle	4 penalties
First run-out, refusal or unauthorised circle in the whole test	4 penalties
Second run-out, refusal or unauthorised circle in the whole test	elimination
First fall of athlete or horse	elimination

2. Time Faults

The length of the course and the speed demanded determine the time allowed. Completing the course in less than the time allowed is not rewarded, but exceeding the time allowed is penalised by one penalty for each second or part of a second in excess of the time allowed, up to the time limit, which is twice the time allowed. Exceeding the time limit involves elimination.

Article 539 TIME CORRECTIONS

1. Knock-down with Disobedience

1.1 IF, as a result of a disobedience, an athlete displaces or knocks down an obstacle, the bell is rung. The clock is stopped until the obstacle has been rebuilt. The athlete will be penalised for a refusal and 6 seconds will be added to the time taken by the athlete to complete his test.

1.2 IF an athlete displaces or knocks down one of the elements of a combination and refuses or runs out at one of the subsequent elements,

2010 RULES FOR EVENTING

the bell is rung. The clock will be stopped as for an obstacle knocked down following a disobedience. The penalties for the disobedience and the addition of 6 seconds must be applied.

Recommendations for Medical Services at FEI Competitions

MEDICAL ATTENDANCE AT EVENT: The provision of medical cover must be for the whole duration of the competition and must include the training areas, stables and on-site accommodation. First aid must also be provided for spectators. There should be a physician in the stable area at competitions if feasible. At the least, a physician should have credentials allowing access to the entire facility at all times including the stable area and finish area during competition

CHIEF MEDICAL OFFICER: A Chief Medical Officer, suitably experienced and with local knowledge must be appointed well in advance, to act in liaison with the Organising Committee and the emergency services for the adequate provision of medical resources.

A meeting of medical officers or delegates should be held at the cross country venue to familiarize them with the event plan and services available by the host physicians in case of emergency.

A list of phone numbers of medical officers for each team should be obtained at every competition. For teams with no physician, the physiotherapist, or trainer, or lay person designated as a contact in the event of a medical emergency should give a contact phone number to the host physicians.

Text messaging to the medical officers in the event of the need for medical services is a valuable way to communicate. This can be done to a specific physician, or can be a general notice depending on the issue.

CROSS COUNTRY: At least during the Cross-Country and Jumping Test, full specialist trauma and resuscitation skills, equipment and vehicles must be available on site; the latter should have the capability of rapid deployment to any part of the arena or course in adverse conditions. Radio communication should be made available to alert the emergency services instantly and a telephone line reserved for immediate communication with the designated accident and emergency hospital.

The Cross-Country Test will require several qualified doctors experienced in dealing with trauma, the number depending on the layout of the courses and the accessibility of the site. However, there must be at least one doctor present throughout all the tests.

A Medical Centre should be established on site for the treatment of minor ailments and for the observation and initial treatment of serious injuries or illness. Rapid routes for access and departure must be prepared and safeguarded for the expeditious transfer of the seriously injured to hospital. Depending on the access to the site and the distance to hospital, helicopter evacuation may be required. A suitable area adjacent to the medical centre

2010 RULES FOR EVENTING

should be provided. The provision of a suitably equipped helicopter is in any case recommended.

If an athlete falls at a competition, he should not be allowed to continue without a medical assessment, even if the athlete has no obvious injury. Frustrated athletes who fall and then refuse medical attention create an issue for the host medical service providers. Athletes have the right to refuse treatment, but not the right to compete with injuries that may be undetected.

ANNEX 8

Organising Requirements for Eventing 4 Star Level Events

Four star events are believed to be the pinnacle of the sport representing Eventing on the world stage and as such it is felt that there should be some guidelines for potential OCs to ensure that the image of the sport and the presentation of the event are of the highest possible quality.

The FEI will only recognise a few events at this level and this recognition will be subject to some strict criteria.

1. **BEFORE BEING AWARDED AN EVENT OF FOUR STAR STATUS** the OC must have run, at the venue, a lower level international Eventing competition of at least Three Star level, and demonstrated the ability to stage an event of the highest level.
2. **APPLICATION FROM THE HOST NF** to the FEI to stage a Four Star competition must be accompanied by a proposal including detailed information about the venue (access, facilities, etc) and the suitability of the footing, the OC, the financial viability (including proposed levels of sponsorship income), budget and cash-flow, local accommodation availability, and proposed level of prize money.
3. **THE OC** must have a proven track record of success. A business plan must be presented.
4. **TV STRATEGY:** Details in regard to the OCs TV strategy as well as expressions of interest in regard to TV coverage.
5. **THE VENUE** needs to be approved by an FEI appointed Delegate, who will visit the proposed event at the OC's/NF's expense.
6. **THE NF WILL BE RESPONSIBLE** for supporting the application and overseeing the success of the event, and a representative of the NF must be included in the Board of the OC.
7. **MINIMUM LEVEL OF PRIZE MONEY:** € 100'000 (CHF 156'000 / \$ 123'000).
8. **REQUIREMENT FOR CCTV:** Mandatory for public, Athletes, owners and the Ground Jury and for safety reasons.
9. **COURSE DESIGNER:** must be an International Eventing Course Designer and proposed name must be included in the proposal. The Course Designer in question must support the proposal and guarantee that the venue is suitable for the Four Star.
10. **ALL WEATHER DRESSAGE ARENA:** strong recommendation.
11. **DATES:** dates must fit in to overall Eventing calendar, not clash with any major event and be consistent from year to year in order to allow the other events to position themselves in consequence.
12. **APPLICATION TO BE SENT TO** the FEI by July the year preceding the event applied for.
13. **THE EVENT HAS TO BE APPROVED** by the FEI Eventing Committee who reserve the right to ask for as much information as is considered necessary. The Eventing Committee also reserves all rights to not accept the 4* denomination request of any organiser.
14. **A REVIEW COMMITTEE** composed of Representatives of the Eventing Committee, FEI Delegate and the FEI Secretary General will assess existing Four star events on a yearly basis. Should any event not fulfil requirements it will be possible to re-evaluate the star level.

ANNEX 9

Directives For One & Two Star CCI/CIC with Several Sections for the Same level in Regard to Ground Juries

1. If an OC wishes to organise several sections of competitions at the same level of difficulty at a one or two star CCI/CIC the whole competition can be treated as a single entity as follows:
2. Where there is more than one section of an event, there shall only be one Ground Jury for the event, consisting of a President and one or two members who will be responsible for all decisions common to the various sections. (President and one member at CICs).
3. Additional Judges will be appointed to assist in the judging of the Dressage, if necessary to make up the horse inspection panels and if required, to help judge the Jumping test. These additional judges may be taken from the FEI lists of official, international or candidate judges or may be national judges. At a CCI there must always be three judges judging each section of dressage; at a CIC there must always be two.
4. At a CCI, at least one member of the Ground Jury must officiate at each Horse Inspection. All horses in any section must be inspected by the same Veterinarian and Ground Jury member at all three inspections.
5. There must be only one Technical Delegate to officiate in all sections of an event organised at the same star level.
6. The Ground Jury must consist of members selected by the OC in accordance with the rules for the relevant star level.
7. The procedure by which Athletes are divided between sections must be specified in the schedule.
8. Prize Money should normally be the same for each section and must be specified in the schedule.
9. Athletes with more than one horse should have their horses split between the sections.

ANNEX 10

Consultation with Athletes

1. Appointment of Athlete Representative

Prior to the Athletes' first opportunity to inspect the cross-country course every Organising Committee (OC) of an international event must appoint an Athlete Representative (RR) from among the Athletes taking part in the competition having first obtained that Athlete's consent. This RR has the task of acting as a channel of communication between the Athletes and the officials on any matter directly connected with the event without in any way removing the right of any Athlete to speak to the OC, Technical Delegate (TD), Ground Jury (GJ), or Course Designer (CD). The name of this Athlete must be notified to the Athletes at the briefing if one is held or posted prominently on the event notice board if no briefing takes place.

2. Chairman of Ad Hoc Committee (AHC)

The OC will appoint prior to the start of the competition the Chairman of an Ad Hoc Committee (AHC) – see # 9 below.

3. 1st meeting of Athletes called by the Athlete Representative – 1st HI

At the end of the day on which the First Horse Inspection is held there will be a meeting of all Athletes should they so wish to be called by the RR. The TD and representative of the OC should attend although not the Ground Jury unless specifically requested by the TD, OC or the RR.

4. 2nd meeting of Athletes called by the Athlete Representative after 1st day Dressage

If the event is a "normal" CCI following a 'normal' timetable the RR has the right, if there are any concerns amongst the Athletes, to ask for an Athletes' meeting to take place at the end of the first day of Dressage to discuss major issues concerning the obstacles on the course and/or the distances of the course/phases. This meeting must be attended by the Ground Jury, TD, CD, and a senior representative from the OC. (If there are no issues the RR may advise the TD who will contact the OC and GJ and cancel the meeting).

5. Meeting Minutes

At this meeting any such issues must be recorded in writing (the TD & RR have this responsibility) and the response of the GJ also recorded in writing and signed by the President of the GJ and the RR.

6. Additional Athlete Representative

At this stage the Athletes may appoint a further two people (to join the already appointed RR) as RR's to continue the discussions with the officials and the OC. These additional two people can be anyone the Athletes choose and do not necessarily have to be competing at the competition.

2010 RULES FOR EVENTING

7. Final Athletes Meeting of the Athletes before the Cross Country

A further and final Athletes' meeting, attended as before by all the officials and a representative from the OC, is now required. Ahead of this meeting the written response by the Ground Jury to any written concerns of the Athletes raised the previous evening shall be given to the RR's. At this meeting any final briefing of the Athletes will take place. If the Athletes are still dissatisfied with the decisions of the GJ a vote will be taken. This should be a secret vote and the OC should assist the Athletes in conduct of the meeting. The issue to be voted on is "Do you accept the responses of the Event Officials, or should they be referred to the AHC for final decision?" If a majority of the Athletes actually taking part in the competition (50% plus one) so agree the outstanding issue(s) will be referred immediately to the AHC for a final decision against which there will be no appeal. At this meeting any such issues must be recorded in writing (TD & RR responsibility) and the response of the AHC also recorded in writing and signed by the Chairman of the AHC and the RR.

8. Athletes Briefing

The usual Athletes briefing on routine matters to do with last minute changes due to meteorological conditions, ground etc must still take place on the evening before the cross-country. In case of dispute on such issues, the procedure with the AHC is available for use.

9. Ad-Hoc Committee

The AHC will consist of three people appointed on the first day of the event by the OC in conjunction with the RR – a non-competing current or recent Athlete experienced at the level of the event, a FEI qualified CD or TD, and a third independent person experienced in the sport, e.g. an Organiser. If such people are not available at the event the OC, in consultation with the TD and the President of the GJ, must appoint a committee of similarly experienced people likely to have the confidence of the Athletes and officials alike. Any one of these three people can be appointed as Chairman. The President or a member of the Appeal Jury may be appointed to this committee if suitably qualified.

10. Events with only 1 day Dressage

At a CIC or CCI with only one day of Dressage it will be necessary to modify the above procedure. In these circumstances the above timetable may be compressed and/or certain steps omitted but the most important principles must be retained, i.e.:

Concerns and responses recorded in writing

The opportunity for Athletes to vote if dissatisfied

Final decision by an Ad Hoc, independent Committee, provided a majority of starters so request

Note: It is recommended that the Ad Hoc Committee established above, whether or not it actually meets or has to take a decision, should also act as the committee of investigation reporting to the President of the Ground Jury in the event of a fatal accident to horse or Athlete and as the

2010 RULES FOR EVENTING

investigators required by the Ad hoc Investigation team (see FEI Eventing Memorandum/Guidelines). This recommendation is intended to avoid duplication of effort and of officials.

The article will not apply for Championships, Team events, Young Athletes or Juniors events. The above will not apply for Championships or team events (RR replaced by Chef d'Equipe) or for Young Athletes, Junior of Pony events.

ARTICLE P11 - CONTINENTAL CHAMPIONSHIPS

The Continental Championship will be organised each year and, as far as possible, during the long school holidays.

2010 RULES FOR EVENTING

Jumping, Dressage and Eventing Championships should be, as far as possible, organised within the same Event to save travel costs. Organising should alternate among the nations of the Continent, giving the Pony competitors the possibility to visit as many foreign countries as possible.

Outside Europe, a Continental Championship may be held with any number of regional teams from at least two countries including the host nation. The NF's of the nations concerned will determine the basis of the regional teams.

NF's from outside the Continent may be invited if authorised by the Secretary General of the FEI, but no rider may take part in two Championships in the same discipline within one calendar year. Riders from outside the Continent are eligible for prizes but not for medals or title classification.

Teams

Each NF may enter one team of not more than ~~six~~ **four** competitors and ~~six~~ **four** ponies from which four may start in the Team Championship. Teams of three are allowed. An NF which cannot send a Team may enter one or two individual competitors with one pony each.

Individuals in addition to teams: two individuals per nation (including the host nation) are authorised to take part in the Championship in addition to each team.

For each team, the Organising Committee must extend its invitation to a Chef d'Equipe and a Veterinarian who will be given the same privileges as the competitors.

Grooms

NFs are entitled to send one groom for each two ponies with a maximum of three grooms per team.

Competitions

Championships will be run as CCIP2* competitions.

Officials for Championships

The President and members of the Ground Jury, the TD and the Foreign Veterinary Delegate will be appointed by the FEI who will approve all other appointments. Other officials will be appointed by the Organising Committee/NF based on the criteria set out in the Table below.

The Organising Committees are strongly advised to include officials who have experience of Pony events.

Expenses

NFs are responsible for the travelling expenses of their Chefs d'Equipe, competitors, grooms and ponies to and from the location of these Championships.

Reasonable entry fees may be charged and must be approved by the FEI.

The Organising Committee must make appropriate provision for on site stabling and for the grooms to stay in the immediate vicinity of the stables.

If accommodation is not offered free to the competitors, then suitable accommodation should be defined and listed in the Schedule.

Prizes and Souvenirs

At Championships only prizes in kind can be awarded; prize-money is not allowed. The following minimum number of awards must be presented:

2010 RULES FOR EVENTING

In the Team Championship, FEI medals will be distributed. In addition, prizes in kind, plaques and rosettes for each of the competitors in the teams taking the first four places.

In the Individual Championship, FEI medals will be distributed. In addition prizes in kind, plaques and rosettes at a rate of one prize for each commenced four competitors with a minimum of five prizes. Organising Committees may provide additional special awards/prizes of a sporting nature at their discretion.

All Chefs d'Equipe and competitors shall be presented with a souvenir or a plaque by the Organising Committee. At Championships, the prize giving ceremonies must be given particular importance and held in the arena with the prize winners properly dressed and mounted on their ponies.

2.3 Safe stabling and equal and fair treatment for all competitors is required to be ensured for all forms of stabling proposed.

2.4 For all CCI4/3* and CIC3* all competing horses must use the official event stables on showground site.

2.5 For CIC3* held on 1 day, stabling on site may not apply.
