Re. Maximum weight of equipment allowed to be added to a horse's leg in Competition

Please note that as per Article 257.2.3 the maximum weight of equipment allowed to be added to a horse's leg is 500g (shoe excluded). Please be aware that there is no tolerance to this rule as per a previous memorandum (which has subsequently been updated and the tolerance reference removed).

2.3 The total maximum weight of equipment allowed to be added to a horse's leg, front or hind (single or multiple boots, fetlock rings etc), is 500g (shoe excluded). Failure to comply with this paragraph will incur disqualification (Art. 241.2.9).

Yours sincerely,

A handwritten signature in blue ink that reads 'J.P. Roche'. The signature is written in a cursive, flowing style.

Capt. John P. Roche
